MOHD SAIFAN

Full-Stack Web Developer & AI Integrator | BCA Data Science 2nd Year

Email: mohdsaifan535@gmail.com | LinkedIn: linkedin.com/in/mohd-saifan-863843426 | GitHub: github.com/saifan-19

PROFESSIONAL SUMMARY

Ambitious BCA Data Science student and AI Web Development Intern with hands-on experience in full-stack web development, modern frontend architectures, backend APIs with Python/FastAPI, and AI integration.
Passionate about turning ideas into high-impact, functional digital products with clean code and modern workflows.

WORK EXPERIENCE

AI Web Development Intern - InAmigos

2026 - Present | Remote

- Developing modern, responsive web experiences and exploring AI-assisted vibe coding workflows.
- Building full-stack frontend interfaces and connecting backend services with clean architecture.
- Integrating AI APIs and modern developer tooling to accelerate software delivery.

EDUCATION

Bachelor of Computer Applications (BCA) - Data Science

2nd Year Student | 2024 - 2027

- Core Focus: Data Structures, Algorithms, Database Management Systems, Python Programming, Statistics.

FEATURED PROJECTS

SwiftTrack - Intelligent Logistics & Courier Tracking

Status: Completed & Live | https://swifttrack-courier-tracking.vercel.app/

- Designed and engineered a modern courier tracking web solution simplifying package monitoring.
- Built responsive, intuitive user interface with real-time status updates and accessible design.

MediTrace - Healthcare Continuity Platform

Status: Under Development

- Developing a healthcare digital platform organizing medical records for seamless continuity of care.

LeakGuard AI - Revenue Intelligence System

Status: Concept / Active Project

- Architecting an AI-driven transaction leak detection and routing workflow for business data.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Tailwind CSS, Responsive Design
Backend: Python, FastAPI, RESTful APIs, SQLite, Data Structures
AI & Tools: AI Integration, Generative AI, Vibe Coding, Prompt Engineering, Git, GitHub
